MALL WALKING

I have been asked by several readers to comment on where they can walk when it is raining or trails may be wet. Frederick has two malls that are the perfect spots to walk when the weather outside is not the best.

First is the Frederick Towne Mall located on U.S. Route 40 West. The walking route is the dark lines in the shaded area. Two times around the mall equals 1 1/8 mile. For mall walkers only, the mall opens at 7:00 Monday thru Saturday and at 9:00 on Sundays. You can walk anytime right up until closing which is 9:00 Monday thru Thursday, 9:30 Friday and Saturday and 6:00 Sundays.

The second mall is the Francis Scott Key Mall on Buckeystown Pike. The walking route is the dotted line on the map. Two times around the mall equals 1 1/2 miles. For mall walkers only, the mall opens at 8:30 Monday thru Saturday and at 10:00 on Sundays. If you walk before the stores open, FSK Mall requires that you fill out a registration form, which is available at the Customer Service Center during mall hours. You will be given a Mall Walker button to wear while you walk when the stores are not open.
