Topic	Discussion/Action Items	Responsible Person(s)
October Coalition meeting	<ul style="list-style-type: none">- We will meet at Frederick National Laboratory - Cancer Research Facility for our October meeting. Pre-set tours of the labs will be hosted by Leidos Biomed at the Frederick National Laboratory for Cancer Research facility	Beth Mowrey
Colorectal Cancer Statewide Symposium	<ul style="list-style-type: none">- Focused on several ways to keep the 80/2018 initiative moving forward.- Strategies were discussed to raise awareness for colorectal screening.	Beth Mowrey
Colorectal Cancer Steering Committee update	<ul style="list-style-type: none">- Steering committee goal for FY19 is to screen 200 African American men.- Strategies were discussed to educate people in the Frederick County.- FMH will soon start distributing FIT kits. The kits will come with detailed instruction in English and Spanish.- Ideas were discussed to reach more men in the community. Lauri proposed an idea to have a men's health navigator, to spread awareness to the male population.- Spreading awareness during the Father's Day event was proposed.	Beth Mowrey
CRC QI Grant	<ul style="list-style-type: none">- Avani is working with Frederick Community Action Agency (FCAA) on Colorectal Cancer Quality Improvement Grant. The goal of this grant is to increase FCAA referral rate for colorectal referral rate by 5 % and screening rate by 2%.- Created a system for patient reminders and follow-up. The monthly report of clinic patients who are 50 years	Avani Shah

	<p>and older but have never had a CRC screening was created.</p> <ul style="list-style-type: none"> - Installed CRC education materials in EHR system. Low literacy, English/Spanish CRC educational materials from reputable sources were researched and embedded in FCAA's EHR system. 									
Cancer Prevention Program/Performance Measure Updates	<p><u>Clinical Updates:</u> Colorectal, Breast, and Cervical Cancer Screening Programs, FCHD -Roseann reported on the number of clients that have been served through our cancer screening programs from July 1, 2018 – April 23, 2019.</p> <p><u>Breast Procedures</u> Total Mammograms: 319 Total Breast Procedures: 849 Breast Cancers Diagnosed: 3 (Invasive) 4 (Ductal Carcinoma In Situ)</p> <p><u>Cervical Procedures</u> Total Cervical Procedures: 207 Abnormal Paps: 13 (Atypical Squamous Cells-Undetermined Significance, Low-Grade Squamous Intraepithelial Lesion) Positive Human Papillomavirus: 11 Cervical Intraepithelial Cells (CIN I): 1</p> <p><u>Enrollments</u> Total Enrolled: 28 (Stopped enrollments on 9/19/18)</p> <table> <tr> <td><u>Ethnicity</u></td> <td><u>Race</u></td> </tr> <tr> <td>Hispanic: 19</td> <td>Black: 6</td> </tr> <tr> <td>Non-Hispanic: 9</td> <td>Asian: 1</td> </tr> <tr> <td></td> <td>Caucasian: 21</td> </tr> </table> <p><u>Colorectal cancer</u> - Total Colonoscopy: 66 - 31 % of clients were reported to have adenomas, which, if not removed during the colonoscopy screening, could have developed into cancer. - 32 % of our clients were male and 68 % were female. 78% of clients served were from minority group.</p> <p><u>Outreach and Education:</u> Avani attended several community events from January to March.
