Protect Your Home from COVID-19

COVID-19 can spread anywhere – even places where you feel safe, like your home. If one person in your household gets COVID-19, it can spread to others in your home. When you leave your house for work, to run errands, or for any other reason, you have a chance of being exposed to COVID-19 and bringing it back to your home. Keep COVID-19 outside your home! When around people who don't live in your home, wear a mask, wash your hands, and stay at least 6 feet apart to protect yourself and prevent bringing COVID-19 into your home. Check [here](#) for more information.

Frederick County Public Schools:

There will be a joint County Council and Board of Education this Thursday, December 3rd at 4:30PM. The meeting will be broadcast live on FCG TV, cable channels 19 and 1085, and webcast at www.FrederickCountyMD.gov/FCGTV.

TransIT:

TransIT Services of Frederick County continues a variety of safety protocols to help protect the public and operators while onboard a TransIT vehicles. All TransIT services, including TransIT-plus, will continue to remain fare free until further notice. By providing fare free trips, there is a reduction in direct contact between drivers and passengers.

TransIT has made a number of vehicle retrofits to further protect passengers and operators. TransIT staff is in the process of installing Plexiglas driver barriers on all vehicles. All vehicles also have hand sanitizer stations mounted at every door. Passengers are encouraged to use the sanitizer when boarding and exiting the vehicle. Masks or facial coverings are required onboard all TransIT vehicles and passengers should physically distance from others that are not a part of their immediate household.

For more information on TransIT's plan in response to COVID-19 and other information on TransIT Services, visit [TransIT's website](#).

Visit Frederick:
