Maryland Department of Health:

The Maryland Department of Health (MDH) today announced the launch of MD COVID Alert, the official COVID-19 Exposure Notifications Express system of Maryland. MD COVID Alert uses Bluetooth Low Energy technology to quickly notify users who might have been exposed to someone who tested positive for COVID-19 with the goal of reducing infections in Maryland.

Starting today, Marylanders with an iPhone or Android smartphone will receive a push notification inviting them to receive exposure notification alerts. iPhone users will be able to opt in by enabling exposure notifications in their phone's settings and selecting Maryland as their region. Android users will be prompted to opt in by installing the MD COVID Alert app from the Google Play Store. MD COVID Alert is available at no cost and is voluntary. Users can disable exposure notifications at any time.

For more information about MD COVID Alert, visit covidlink.maryland.gov/mdcovidalert. Learn about Maryland's contact tracing initiative [here](#). If your Android phone hasn't received an alert to opt in yet, you can download it from the Google Play Store [here](#).

Frederick County Office of Economic Development:

Upcoming Grant Program

Frederick County is developing a Restaurant and Food Service Relief Grant Program with funding from the State of Maryland and plans to open these grants on Nov. 13. Restaurant and Food Service Relief Grants are designed to provide financial assistance to licensed Frederick County food and beverage providers impacted negatively by restrictions on indoor dining capacity as a result of the COVID-19 public health emergency, as well as licensed wineries, breweries and distilleries. The grants will be available to targeted sectors of the food service industry. Final grant amounts will be determined at the end of the grant application period and will be based upon the number of applications received.
