FOR IMMEDIATE RELEASE:

Frederick County Agency Updates for June 9, 2020

Frederick, MD – June 9, 2020

Health Department:

Frederick County COVID-19 statistics are paused today as the transition to the Maryland contact tracing system (covidLINK) has begun. Updated numbers will be available soon for local data, so check back this week for updated numbers on <http://FrederickCountyMD.gov/COVIDstats>.

JIC:

As more businesses reopen, we want to make it easy for our county businesses to remind their customers to wear face coverings and maintain physical distance, so we've made a sign businesses can put on doors. The signage is available in both [.pdf](#) and [image](#) format.

It's also important to remember that not everyone can wear a face covering because of health issues, and a person's health issues may not be noticeable to you. You can still help make sure these members of our community are safe by wearing your own face covering and staying 6 feet away. #LoveFrederick
