New Data Available

A new statistic has been added to our [Frederick County Statistics page](#) that shows the 7 day Moving Average Case Rate per 100,000. This data is shown in a graph of Frederick County and Maryland data, and is available as a second slide after the Frederick County Positivity Rate graph. Please use the < > below the graph to move from one graph to the next.

7 Day Moving Average Case Rate per 100K

Frederick County Housing & Community Development:

The Choice Neighborhoods and Planning Program is currently open for applications. The program helps communities transform neighborhoods by redeveloping severely distressed public and/or HUD-assisted housing and catalyzing critical improvements in the neighborhood, including vacant property, housing, businesses, services and schools. More information is available [here](#).

Frederick County Public Libraries:

Check out this video to get an update on the great things FCPL is doing like curbside pickup and personalized picks.

Curbside pickup is available at all our branch locations, but hours and days may vary. For details, go to Fcpl.org.

We've also started personalized picks to match you with your next great story.

Whether you are looking for a book, tv show, or movie, our staff are here to help you find it. You can start the process to get personalized picks here: <https://www.fcpl.org/personalized-picks>.

For more information:

Frederick County residents can call 866-411-6803 to reach our local 211 center with general questions about coronavirus or COVID19.

Accurate COVID-19 information is critical to the community. For the most current and accurate information about this situation, please refer to the following:
