## **Frederick County Health Care Coalition to Announce 2022-25 Local Health Improvement Priorities**

FREDERICK, MD – The Frederick County Health Care Coalition, Frederick County Health Department, and Frederick Health will announce the 2022-2025 local health improvement priorities for Frederick County at a virtual public session on February 9 at 9:30 am.

“We are excited to share the public health priorities for Frederick County for the next three years. Focusing on these priorities together helps build the foundation for the health of our community. We invite continued participation and engagement in this building process,” said executive director Malcolm Furgol.

These priorities were selected by the Health Care Coalition board of directors through a robust assessment process and with considerable community input.

Members of the public are invited to attend a virtual meeting to learn more about the new priorities and the next steps in the local health improvement process. No registration is needed for this free event.
