JULY 5, 2024

Health Department Celebrates Second Anniversary of Golden Mile Location

FREDERICK, MD – The Frederick County Health Department (FCHD) is proud to celebrate the second anniversary of its location at 1100 West Patrick Street, Unit H on the Golden Mile. Community members and partners are invited to a celebration held at this location on Friday, July 12, from noon to 4 p.m. for a tour and light refreshments.

This location transitioned from being a COVID-19 testing site in 2020 to serve as an official satellite location in July 2022. Services from FCHD, Frederick County Division of Aging and Independence, Frederick County Division of Energy and Environment, and Frederick County Social Services are all available at this location. Offering services from multiple agencies in one convenient location helps reduce service barriers.

“We are so excited to have the opportunity to expand our reach and have so many partner agencies under one roof to serve our community!” said Danielle Haskin, the Director of the Equity Office at the Frederick County Health Department on the Golden Mile. The Golden Mile location continues to evolve as new programs are added.

For more information about the services offered at this location, visit Health.FrederickCountyMD.gov/GoldenMile.
